GW Bush 'two state plan'
Trump – 'deal of the century'

The last time we had so many major record-setting hurricanes was in 2004 (Charlie, Jeanne, Frances and Ivan) and then 2005 (Katrina, Rita, Wilma and Dennis). One thing they have in common is that they all occurred during active peace efforts. George W. Bush was promoting the “two states for two peoples” in 2004 and 2005 and President Trump (and his son-in-law Jarred Kushner) the “deal of the century” in 2017 and 2018.

US leaving UN Human Rights Council – 'a cesspool of political bias – June 20, 2018

US Ambassador to the United Nations Nikki Haley announced the United States is withdrawing from the UN Human Rights Council Tuesday, **accusing the body of bias against US ally Israel and a failure to hold human rights abusers accountable.**

"Human rights abusers continue to serve on, and be elected to, the council," said Haley, listing US grievances with the body. "The world's most inhumane regimes continue to escape its scrutiny, and the council continues politicizing scapegoating of countries with positive human rights records in an attempt to distract from the abusers in its ranks.

Jeremiah 49:35-39

Thus saith the Lord of hosts; Behold, **I will break the bow of Elam, the chief of their might.** And upon Elam will I bring the four winds, from the four quarters of heaven, and will scatter them toward all those winds; and there shall be no nation whither the outcasts of Elam shall not come. **For I will cause Elam to be dismayed before their enemies,** and before them that seek their life: and **I will bring evil upon them, even my fierce anger, saith the Lord;** and I will send the sword after them, till I have consumed them: **And I will set my throne in Elam,** and will destroy from thence the king and the princes, saith the Lord. **But it shall come to pass in the latter days, that I will bring again the captivity of Elam, saith the Lord.**

"The U.S. will continue to pursue a constructive, results-oriented relationship with China, **cooperation whenever possible will be the name of the game and competing vigorously where we must ...** of course we recognize any sustainable Indo-Pacific order has a role for China," he said.
